

Bluetooth® Speaker 9W (3W RMS) Luminous Blue Bigben Audio

Descriptif produit

This small wireless Bluetooth speaker will charm you with its power

This small wireless Bluetooth® speaker will charm you with its power! Practical, it will accompany you on all your trips: whether with family or friends, enjoy music with ease!

Wireless

Thanks to the Bluetooth® function, broadcast high-quality sound from your smartphone or tablet.

Light Effects

This wireless light speaker, with a very neat and ergonomic design, will allow you to light up and bring atmosphere to your evenings. The light will follow the rhythm of the music.

8 hours of autonomy

Recharge your battery? Don't think about it anymore! This speaker offers you 8 hours of autonomy. Recharge your speaker before leaving, and fully enjoy an afternoon at the beach without worrying about the battery level.

Hands-free kit

Don't worry about the sound quality of your calls: it is perfect thanks to the hands-free kit. Thanks to its integrated microphone, with noise reduction, you can make your calls in complete peace while remaining connected to the speaker.

Range up to 10 meters

Thanks to its range of up to 10 meters, move away without damaging the diffusion of the music.
