

Kit of 2 Whole Home Mesh System WiFi AC1200Mbps Dual Band + 2 Gigabit Ethernet RJ45 Ports - Deco M4 White TP-Link

Descriptif produit

Flexible and multifunctional, the Deco M4 includes a variety of features allowing it to serve as a router or access point.

A Unique WiFi Experience Without Breaking the Bank

The Deco M4 uses TP-Link Mesh technology to blanket your entire home with powerful WiFi. Multiple units work seamlessly together to create a single, intelligent network.

Eliminate WiFi Dead Zones

The Deco M4 is the easiest way to ensure a strong WiFi signal in every corner of your home, providing up to 260 m² of WiFi coverage with the 2-unit pack. WiFi and the optional Ethernet connection work together to link the Deco units, delivering even faster network speeds and truly seamless coverage.

Seamless Roaming with a Single WiFi Network Name

TP-Link Mesh means the Deco units work together to form a unified network. Your phone or tablet automatically connects to the fastest Deco unit as you move around your home, creating a single, consistent WiFi experience wherever you are.

Say goodbye to latency

Thanks to 802.11ac WiFi technology, Deco's network speed is 3 times faster than previous generation routers. This allows Deco to provide a lag-free connection to over 100 connected devices.

2-in-1 solution: Router, Access Point, and WiFi Repeater

Flexible and multifunctional, the Deco M4 includes a variety of features that allow it to serve as a router or access point. Simply choose the mode that best suits your current network needs and enjoy maximum wireless flexibility.

Router (default mode)

Instantly creates a private WiFi network

Access Point

Creates WiFi access to your existing wired network

Setup via the app

Setting up Deco M4 is quick and easy. Simply download the Deco app and follow the on-screen instructions.

Easy Administration

Manage your Wi-Fi at home or away via the Deco app, including viewing connected devices, prioritizing devices, setting up a guest network, and more.

Voice Control

Link your Deco network to Amazon Alexa to control the Deco M4 with your voice.
