

Router WiFi AC1200 MU-MIMO Gigabit Dual Band - Archer C6 Black TP-Link

Descriptif produit

Four external antennas and one internal antenna send Wi-Fi signals to all four corners of the house. Stay connected and enjoy a fast Wi-Fi connection, whether you're relaxing on the sofa or on the balcony.

Dual-band AC 1200 Mbps WiFi for seamless entertainment

The Archer C6 creates a reliable and blazing-fast network powered by 802.11ac WiFi technology. The 2.4 GHz band delivers speeds up to 300 Mbps, perfect for everyday tasks like emailing and web browsing, while the 5 GHz band offers speeds up to 867 Mbps, ideal for lag-free HD video streaming and online gaming.

Five high-performance antennas for whole-home WiFi coverage

Four external antennas and one internal antenna deliver WiFi signals to every corner of your home. Stay connected and enjoy a fast WiFi connection. The 2.4 GHz band coverage is particularly impressive, eliminating WiFi dead zones and outperforming other competing routers.

Access Point

Switch the Archer C6 into Access Point mode to share your wired network with other Wi-Fi devices.

MU-MIMO is essential

For increased speed, throughput, and capacity

MU-MIMO allows the Archer C6 to serve multiple devices simultaneously. No more bandwidth congestion or latency. All devices get their data faster, and Wi-Fi is used more efficiently!

Gigabit connectivity, 10x faster

With one Gigabit WAN port and four Gigabit LAN ports, speeds can be up to 10 times faster than standard Ethernet.

Simple setup and management

The free Tether app is available for Android and iOS devices, making it easy to set up the Archer C6 and manage your network settings.

Compatible WiFi Universel

Color : Black

Ref : ROUTPLDBAC1200

EAN : 1210002606523

Pack contents : Router WiFi AC1200 MU-MIMO Gigabit Dual Band - Archer C6 + User Guide/Security/Warranty

Compatible mobiles

Compatibilité

Compatible avec : IPHONE 3G .
