iPhone 12 / 12 Pro Case Louvre Leather Cognac Artefakt

Descriptif produit

The Parisian chic case for your mobile: a mixture of elegance, chic and relaxation. Inspired by the Cour Carrée and its Pyramid, the Louvre collection enchants the line and the gilding, between modernism, royal pomp and luster of the Roaring Twenties.

Full grain leather case with integrated loop to attach the Companion of your choice.

A protection with finesse, handcrafted and designed in Paris.

Compatible with: Wrist Strap and Wrist Strap

Nobility of materials
Our accessories are made from high-end materials, made to last, to have a patina, and to accompany us in all circumstances while of course protecting this object that has become so important in our lives: our smartphone.

Customization
We have created our protections for smartphones with every moment of life in mind: Artefakt accessories adapt to different needs thanks to the innovative concept of "Companions" to attach. In turn, the "Companions" enhance your smartphone or enrich it with new features.

Parisian style
Our design studio is based in Paris, it is in this city that all our collections are designed and designed. Our inspirations come naturally from the Parisian heritage, from the architectural elements and style of the different districts of the capital, this very particular style, a mixture of elegance, chic and relaxation.

Careful manufacturing
We select our manufacturing workshops with the greatest care, for their know-how, their excellence in the realization of our accessories. We have made sure that creativity meets craftsmanship in all of our products.
