

Adapter Nano USB Bluetooth® 5.0 Black TP-Link

Descriptif produit

Listen to music, enjoy video chats, and transfer data, thanks to the UB5A which equips your computer with Bluetooth 5.0.

Bluetooth 5.0: Faster Speeds, Wider Coverage

The UB5A equips your PC with more advanced Bluetooth 5.0 technology, offering comprehensive upgrades over previous versions. It delivers faster connection speeds and a wider range than Bluetooth 4.0, ensuring a strong and stable wireless connection between your PC and Bluetooth devices. Users also benefit from energy savings and increased streaming capacity.

Listen to Music Across the Room

Thanks to Bluetooth enhancements, the UB5A has a longer transmission range between devices like your music player and your PC. With this extended transmission distance, enjoy lossless sound through your Bluetooth headphones without having to move around your computer. Now you no longer have to worry about distance impacting your music listening experience.

Connect to Your Computer via Bluetooth

The UB5A makes non-Bluetooth PCs and laptops Bluetooth-enabled. Simply connect your Bluetooth devices to your computer and enjoy seamless connectivity. It supports up to 7 Bluetooth devices simultaneously with a powerful wireless connection. You can transfer files, music, and videos between your Bluetooth devices and your PC at speeds twice as fast.

Nano Size
