

Powerbank X-Power v3 6000mAh X LINK Black Crosscall

Descriptif produit

Charge wherever you are

Hiking, travelling or working – you'll always have a great power source by your side. The innovative X-LINK™ system built into this external battery's back means that its magnetic system locks onto your phone instantly, and you can charge up your phone without the hassle of cables or sockets. The charging system is really easy to use and incredibly fast, meaning that you're free to enjoy your mobile experience without limits.

6000 mAh capacity
This external battery contains a 6,000 mAh power pack which doubles the battery life of your smartphone. Equipped with 4 indicator lights, you can easily see the remaining battery level.

X-LINK™ battery magnetic technology
No more cables! With X-LINK™ technology and dual wireless magnetic connectors built into the front and back of the X-POWER, instantly charge your smartphone or X-POWER with ease. The X-POWER external battery is compatible with the X-LINK ecosystem of charging accessories.

Battery life for your smartphone and more
In addition to the X-LINK™ magnetic connection, the X-POWER is equipped with two USB ports: one USB 2.0 and one USB Type C. This means you can charge all devices, including those without X-LINK™ technology, such as a camera or torch.
