

Kit of 2 Whole Home Mesh System WiFi AX1500Mbps Dual Band - Nest Mesh White Google

Descriptif produit

Wif-Fi, but better!

Smart and reliable.
With Nest Wifi Pro, you'll have a fast, reliable 6E Wi-Fi connection throughout your home. It automatically adjusts your network performance to avoid disruption, and takes care of monitoring and diagnosing common problems on its own. And it has built-in privacy and security features to protect you and your family.

Designed for exceptional speed.
Nest Wifi Pro is designed specifically for Wi-Fi 6E, which is up to twice as fast as Wi-Fi 6, so you can enjoy better performance and a more reliable connection throughout your home. With 2.4GHz, 5GHz and now 6GHz triple-band technology, enjoy faster speeds and a more reliable connection.

Coverage that extends to the whole house.
Each router provides fast, reliable Wi-Fi across 120 square metres. Customise your setup to extend network coverage and get a stronger signal in your home. You can even keep your current modem. Finally, Nest Wifi Pro shows you all the devices connected to your network. If you don't recognise any devices, you can easily prevent them from connecting to your Wi-Fi.

A smarter network and smoother connections.
Nest Wifi Pro automatically manages network performance and activity to prioritise what matters to you, such as video calls, to speed up website loading and to ensure smooth operation. You can even create a network specifically for your guests, with a different password - no need to give them yours.

Technical characteristics

Key type: WiFi
Maximum data transfer rate: AXE4200: combined speeds up to 4.2 Gbit/s, 2 x 2 (6 GHz), 2 x 2 (5 GHz), 2x2 (2.4 GHz) // Wi-Fi 6E is up to twice as fast as Wi-Fi 6
Number of adapters: 2
Number of ethernet port(s): 2
Wireless communication: Bluetooth, Wi-Fi
Encryption type supported: WPA3 encryption (secure boot and software updates help protect Nest Wifi Pro from hacking and running unauthorised software), family protections (including parental controls), management of devices connected to your network and the ability to create a separate guest network access
Power: AC adapter (22 W)
Additional features: Automatic Wi-Fi network optimisation with automatic band management (your devices are assigned to the best performing radio channels) and automatic 802.11k/v client management (enables smooth roaming of mesh access points for uninterrupted Wi-Fi coverage) // Automatic QoS for video calls and games on Stadia // Up to 8 hours of device prioritisation // Self-monitoring and diagnosis of network issues

Compatible mobiles

Compatibilité
Compatible avec : IPHONE 3G .

Compatible WiFi Universel

Color : White

Ref : GGLGA03689W

EAN : 0193575032924

Pack contents : Kit of 2 Whole Home Mesh System WiFi AX1500Mbps Dual Band - Nest Mesh + User Guide/Security/Warranty
