

USB A Car Charger Kit 1A + USB A / 30 PIN Cable 1m Black Blueway

Descriptif produit

Continuous power for your classic devices during your journeys

Stable recharging on the road

This compact car charger delivers 1A power, ideal for keeping your mobile devices charged while on the move. It ensures a constant energy flow to use your navigation apps without draining your battery.

Robust 30-pin connectivity

The included 1-meter cable is specifically designed for equipment using this connection standard. Its reinforced structure withstands thermal stress and frequent handling within your vehicle's interior.

Compact and discreet format

Its ergonomic design allows for easy insertion into your car's 12V socket without interfering with dashboard controls. It is an essential accessory for long trips and holiday departures.

Integrated electrical safety

Equipped with protection against overvoltage and short circuits, this kit guarantees total safety for your hardware. You can drive with peace of mind knowing your device is reliably powered.
