

Smart LED Bulb Antalya 5W E14 Google Assistant, Alexa & Siri White Konyks

Descriptif produit

Create the right mood for any moment with the Antalya E14 MAX Easy light bulb

White Adjustable

From 2700K to 6500K for a dynamic or warmer atmosphere. All RGB colours are also available

Voice control

With Google Home or Alexa you can control the light bulb very simply: "OK Google, put the bedside lamp in yellow", "Alexa puts the light at 50%".

Control from your Smartphone, from anywhere

Automate Easily

E.g. switch on the light at sunrise, switch on the light at a specific time, switch on the light gradually in the morning....

Main screen

The button allows the bulb to be switched on or off remotely, as well as the white temperature and its intensity.

Planning

Allows you to plan schedules for switching the socket on or off.

Timer

Allows you to start countdowns on each of the holds

Colour

Allows you to choose a colour for your Bulb, its shade, intensity, etc.

Atmosphere

Allows you to select your mood or colour mode (e.g. the "Superb" mood allows you to flash your bulb with lots of different colours).

Music

Allows you to vary the colour of your bulb according to the intensity of the music.

Run

Allows you to create a command that will, in one click, execute several successive actions

For example: an "I'm leaving" scenario allowing you to switch off all the connected sockets in your home at once.

Automations

Allows you to define a list of actions that will be executed automatically when the defined conditions are met.

For example: an automation that switches on the fan when the outside temperature exceeds 25° C.

Recycling

This product is a device whose treatment as waste falls within the scope of Directive 2002/96/EC of 27 January 2003 on waste electrical and electronic equipment (WEEE).

Requires a 2.4 Ghz b/g/n WiFi network connected to the Internet

Compatible WiFi + Bluetooth®
