

Contactless purse Bubble Tea - Made in France Money Walkie

Descriptif produit

Practical, fun and educational: the 3-in-1 wallet to buy yourself a croissant, make the baker smile, and gain independence

Smart and connected for everyday purchases
Ideal for safely entrusting money to your children
A first step towards independence

This contactless wallet will revolutionize the daily lives of the whole family! It allows you to safely entrust money to your children and gradually give them more independence:

- For parents: top up the wallet via the dedicated app, track spending, set usage limits, and remotely block it from your smartphone if needed.

- For children: a smart and secure device so they can shop at local businesses. They'll no longer need to carry cash!

- Give them a small amount so they can make their first purchases, understand the value of things, and learn to manage their budget!

- Its ultra-practical size is designed to slip easily into a pocket or schoolbag!
