Descriptif produit

With ICON, choose a case that combines premium design, extreme durability, and a commitment to sustainability.

ICON material: excellence, durability, and commitment
Made from ICON material, this case offers exceptional resistance to everyday scratches, stains, and impacts. Manufactured from recycled materials, it guarantees a soft-touch finish and reduced environmental impact.

Controlled and ethical manufacturing
The rigorous selection of materials, complete control of production processes, and compliance with industry standards make this case a high-quality choice. Dbramante1928 combines Danish design with responsible values.

Enhanced everyday protection
ICON effectively protects your device from scratches, drops, and wear and tear. Its impact-resistant structure can withstand drops of up to 1.2 meters.

Integrated kickstand function
The discreetly integrated kickstand allows you to prop your phone up horizontally to watch videos or make calls with complete freedom, wherever you are.

Unrestricted access to all features
Precisely designed, the case allows full access to the phone's buttons, connectors, and features.

Compatible with wireless charging
No hassle when using a wireless charger: charge your device without removing the case.
