

Soundgear Clips True Wireless Earphones Copper JBL

Descriptif produit

A complete sound experience, in complete elegance

JBL OpenSound technology

The speaker in your JBL Soundgear Clips is precisely angled to minimise sound leakage. What's more, JBL Soundgear Clips feature SonicArc design for enhanced bass performance and private listening, so only you can hear your music and calls. And because they don't block your ear canals, you'll be fully aware of your surroundings while staying socially connected all day long.

Dynamic sound with Bass Boost

The 11mm dynamic speaker with our adaptive Bass Boost algorithm delivers smooth, rich sound with powerful bass. These earphones are as effective as they are attractive.

All-day comfort

A soft, flexible and lightweight material covers the flexible memory wire hook, meaning you can wear them all day, every day, without any discomfort. They are also designed with the optimal clamping force to stay comfortable and stable on your ears, without pinching or being too loose.

4-microphone 2.0 technology for clear, crisp calls, with an AI-trained algorithm

Use the JBL Headphones app to choose between using one or both beamforming microphones in each earpiece. (This will depend on how you wear them on your ears: experiment and see what works for you.) In any case, JBL Soundgear Clips benefit from an AI-trained algorithm that reduces ambient noise, so you'll always have clear sound, even if you're talking outside on a windy day.

Up to 32 hours of total battery life, plus fast charging

Up to 8 hours of music in the earphones, plus up to three additional full charges in the case before you need to plug them back in. And if that's not enough, 10 minutes of charging via any USB-C cable* will give you an extra three hours.

* Charging cable not included

Multipoint connection and Fast Pair feature

JBL Soundgear Clips earphones feature Google's Fast Pair feature, allowing you to instantly pair them with your Android devices at the touch of a button. Pair your earphones with two Bluetooth® devices and switch between them effortlessly.

IP54 water and dust resistance

Don't let a little rain spoil your mood. JBL Soundgear Clips earphones are IP54 certified, meaning they are resistant to rain and dust.

JBL Headphones app

Use the JBL Headphones app on your device to adjust your sound and customise the headphones' control gestures to suit your needs. Choose from six equaliser presets or a fully customisable 10-band equaliser to adjust the high, mid and low frequencies so your music sounds just the way you want it.

Technical characteristics

Speaker size: 11 mm dynamic speaker

Power supply: 5 V, 1 A

Maximum operating temperature: 45 °C

IP54

Frequency response: 20 Hz to 20 kHz

Impedance: 32 ohms

Sensitivity: 85 dB SPL at 1 kHz

Maximum sound pressure: 88 dB

Microphone sensitivity: -38 dBV/Pa at 1 kHz

Bluetooth version: 5.4

Bluetooth profile version: A2DP V1.4,

AVRCP V1.6.3, HFP V1.8

Bluetooth transmitter frequency range:

2.4 GHz – 2.4835 GHz

Bluetooth transmitter power: < 14 dBm (EIRP)

Bluetooth transmitter modulation:

GFSK, π/4-DQPSK, 8DPSK

Earpiece: 6.5 g per unit (13 g for both)

Charging case: 39.7 g

Earbud battery type: lithium-ion battery (55 mAh / 3.85 V)

Charging case battery type: lithium-ion battery (530 mAh / 3.8 V)

Charging time: 2 hours for a full charge

Music playback time with BT enabled: up to 8 hours

Talk time: up to 4 hours

Compatible Bluetooth®

Color : Copper

Ref : JBLSNDGEARCLCOP

EAN : 1200130027888

Pack contents : True Wireless Earphones + User Guide/Security/Warranty

Compatible mobiles

Compatibilité

Compatible avec : IPHONE 3G .
