

Bluetooth® Speaker ICE MUSIC 2.0 8W Waterproof Luminous Black orange Ice Watch

Descriptif produit

Feel the beat of your music, anywhere, anytime

Powerful, immersive sound
With 8W output power, the ICE Music 2.0 speaker delivers clear, balanced sound, ideal for enjoying your favourite music to the fullest, whether indoors or outdoors.

Bluetooth V5.3 technology
Enjoy a fast, stable and uninterrupted connection up to 10 metres away. Compatible with most smartphones, tablets and computers.

Extended battery life
Its reinforced battery offers up to 12 hours of continuous listening at medium volume — enough to liven up your days and evenings without interruption.

IPX6 water resistance
Designed to withstand splashes and rain, this speaker is perfect for outdoor activities or days at the beach.

LED lighting effects
Create a unique atmosphere with colourful lights that react to the music. Perfect for your parties and moments of relaxation.

TWS stereo function
Pair two ICE Music 2.0 speakers for a true stereo sound experience and even more power.

Versatile playback
Listen to your music however you want with the built-in Micro SD card reader and USB-C compatibility for fast charging.

Ergonomic and portable design
Compact and lightweight, it comes with a handy carrying strap so you can take it with you wherever you go.
