

## Multimedia car screen MC01 Vibe 10" Carplay/Android Auto + DashCam Black Maxcom

### Descriptif produit

#### MC01 Vibe is the perfect solution for anyone who values comfort, technology and safety.

Navigate, talk, listen. All without touching your phone. Experience a new level of comfort and entertainment behind the wheel. The MC01 Vibe is more than just a screen. It's an intelligent multimedia system that turns any car into a modern command center. Its stylish design, intuitive operation, and smartphone compatibility make every journey a pleasure.

#### 9.3" HD IPS screen

The large, bright 1280x720 resolution display provides excellent visibility even in direct sunlight. IPS technology guarantees vivid colors and wide viewing angles – ideal for both the driver and passengers.

#### Built-in Wi-Fi and Bluetooth

Stable dual-band connectivity (2,4/5,8 GHz) means the device syncs quickly with your phone, and thanks to Bluetooth, you can safely talk hands-free.

#### Navigation and connections

Once connected to your phone, the screen functions as a GPS navigation system with up-to-date maps and allows you to receive and make voice calls – without having to reach for your phone.

#### Entertainment at your fingertips

The device supports the most popular music services, so you always have access to your favorite playlists and podcasts. It offers both video and audio playback, allowing you to enjoy entertainment in the highest quality. Additionally, it features a 3,5mm audio output for connecting headphones or integrating with your car audio system, guaranteeing even better sound on every trip.

#### Intelligent driver assistance

Thanks to a built-in three-axis gyroscope, it automatically adjusts the screen orientation to the device's position, ensuring perfect visibility in every situation. Mirror mode makes using the rearview camera even simpler and more intuitive, increasing maneuverability. Ready to take your driving to the next level? The MC01 Vibe is the perfect solution for drivers who value comfort, modern technology, and confidence on the road.
