Descriptif produit

Deco X10: Seamless Wi-Fi 6 Throughout Your Entire Home

Modern and ergonomic design

With its sleek and compact white casing, the Deco X10 blends discreetly into any room of your home. Its cylindrical design ensures optimal signal distribution while remaining elegant and minimalist.

Activity tracking and health

The intuitive app allows you to monitor connected devices in real-time and manage your children's screen time. With comprehensive parental controls, you can filter inappropriate content to ensure a healthy digital environment for the whole family.

Entertainment and personalization

Enjoy Wi-Fi 6 technology for smooth 4K streaming and lag-free online gaming on all your screens. This two-pack creates a single, personalized network covering up to 3,900 sq. ft., permanently eliminating dead zones.

Autonomy and resilience

The Mesh system intelligently manages the connection of over 120 devices simultaneously without any speed drops or cut-offs. Its robust technology ensures constant network stability, even as you move from one room to another.
