

Smart Camera A1 Pro 3MP 2K Indoor & Outdoor White IMOU

Descriptif produit

Ultimate 3K Performance and Interactive Security

Ultra-clear 3K resolution

The exceptional 5MP sensor captures video streams at 2688 x 1664 pixels for surgical precision. Every corner of your room is monitored with unmatched image quality.

Direct interactive communication

The call button on the chassis allows you to reach your loved ones directly on their smartphone with a single press. It is an ideal communication gateway for the whole family.

Fluid motorized navigation

The camera offers a horizontal rotation of 355° and a tilt of up to 80° for a global vision. You can save favorite positions to return to them instantly.

Advanced detection AI

The system instantly distinguishes humans and abnormal sounds for maximum responsiveness. You receive targeted alerts only for important events.

Precision night vision

Even with no light source, the camera produces high-contrast, sharp images. The extended infrared range ensures reliable surveillance of the largest indoor spaces.

Enhanced data security

H.265 compression ensures long-term storage without loss of visual quality. Your data is encrypted to guarantee total confidentiality on all your recording media.
