

Smart Camera Ranger RC Pro 5MP 3K Indoor & Outdoor White IMOU

Descriptif produit

Ultimate 3K Performance and Interactive Security for Your Home

Ultra-clear 3K resolution

The exceptional 5MP sensor captures video streams at 2688 x 1664 pixels for surgical precision. Every corner of your room is monitored with unmatched image quality, allowing for sharp digital zoom.

Direct interactive communication

The call button on the chassis allows you to reach your loved ones directly on their smartphone with a single press. It is an ideal communication gateway for the whole family, without complex handling.

Fluid motorized navigation

The camera offers a horizontal rotation of 355° and a tilt of up to 80° for a global vision. You can control the orientation remotely or save favorite positions to return to them instantly.

Advanced detection AI

The system instantly distinguishes human shapes and abnormal sounds for maximum responsiveness. You receive targeted alerts only for important events, avoiding false notifications.

Precision night vision

Even with no light source, the camera produces high-contrast and perfectly usable images. The extended infrared range ensures reliable monitoring of the largest indoor spaces 24/7.

Enhanced data security

H.265 compression ensures long-term storage without loss of visual quality on SD card or Cloud. Your data is encrypted to guarantee total confidentiality on all your recording media.
