

Smart Camera Ranger Dual Pro 6MP Indoor & Outdoor White IMOU

Descriptif produit

Dual Lens for Simultaneous Fixed and Panoramic Monitoring

Dual optics technology

This innovative camera combines a fixed lens and a motorized lens to monitor two areas simultaneously. You benefit from a global overview and a detailed zoom on a single device.

Combined 6MP resolution

With two high-definition sensors, this model offers exceptional image clarity on both video streams. This allows covering large open spaces without any loss of quality.

Synchronized smart tracking

When movement is detected, the motorized lens follows the target while maintaining fixed monitoring of the rest of the room. You never lose sight of the intruder, regardless of their movements.

Multi-target AI

The system separately identifies humans and animals on both lenses for increased precision. Notifications are smartly sorted to avoid unnecessary repetitive alerts.

Active deterrent security

The camera features a built-in sound siren and spotlights to repel unwanted visitors. It actively protects your home by visually and vocally signaling its presence.

Efficient H.265 compression

Advanced video encoding allows storing two high-resolution streams without saturating your disk space. Bandwidth is optimized for smooth viewing on smartphones.

Technical characteristics

Dual Lens: Simultaneous fixed and motorized monitoring.

6MP Resolution: Superior quality on both video streams.

Smart Tracking: Coordinated automatic rotation on targets.

Advanced AI: Precise distinction between humans and pets.

Active Deterrence: Built-in siren and lighting.

Two-way Audio: High-clarity real-time communication.

SD Storage: Slot for memory card up to 256GB.

Compatible mobiles

Compatibilité

Compatible avec : IPHONE 3G / IPHONE 3GS .

Compatible WiFi

Color : White

Ref : IMOUCAMRGDUALPROWH

EAN : 6937479640380

Pack contents : Smart Camera Ranger Dual Pro 6MP Indoor & Outdoor + User Guide/Security/Warranty
