

Bluetooth® Headphones Immersion II ANC Hybrid + ENC 5 micro Foldable with Microphone Over-ear Black + Lifetime Warranty Force Play

Descriptif produit

Plunge into the heart of absolute sound purity and savor every musical nuance in total isolation.

Advanced hybrid ANC technology

This premium headset incorporates cutting-edge hybrid active noise cancellation (ANC) to perfectly isolate you from the outside world. By intelligently combining internal and external microphones, the system accurately analyzes and filters ambient noises to create a bubble of total serenity.

High-performance 5-microphone architecture

At the heart of this model, an exclusive array of 5 built-in microphones works continuously to capture and process the surrounding soundscape. This technical layout optimizes signal processing efficiency in real time, guaranteeing exceptional acoustic isolation.

Crystal-clear calls via ENC system

Environmental Noise Cancellation (ENC) technology drastically tones down background noises around you during your communications. Your callers enjoy absolute speech crispness and a greatly improved calling experience, even in busy or crowded locations.

Record-breaking endurance and Bluetooth 6.0

Enjoy unprecedented freedom thanks to a spectacular combined battery life reaching up to 100 hours of continuous playback. The integration of latest-generation Bluetooth 6.0 technology ensures flawless connection stability and perfect responsiveness.

Over-ear format and natural isolation

Engineered with ergonomic enveloping ear cushions, this headset comfortably hugs your ear contours for superior passive noise isolation. Its structure naturally reduces sound leakage and guarantees an impeccable secure fit all day long.

Foldable design and portable accessories

Perfectly suited to mobile lifestyles, the extendable headband and rotating earcups adjust to all head shapes for a customized fit. Its cleverly foldable design easily slips into a bag for worry-free travel.

Included everyday accessories

The headphones come with a complete set including a protective carrying pouch, a charging cable, and an audio cable. This comprehensive package offers total versatility, making them easy to take with you wherever you go.

Lifetime warranty

Force Play replaces your headset with a new one in the event of loss.

Eco-designed, fully recyclable packaging

Cardboard (certified responsibly managed forests), glue (vegetable-based) and ink (soy-based).

Product recovery

Prepaid return of old products for recycling to promote the circular economy.

Technical characteristics

Hybrid ANC : Advanced active noise cancellation combining internal and external mics for complete immersion.

5-Mic System : Optimized capture architecture analyzing the environment to elevate both ANC and ENC.

ENC Clarity : Efficient attenuation of ambient background noises for crystal-clear phone conversations.

100-Hour battery : Exceptional power endurance paired with ultra-stable, latest-generation Bluetooth 6.0 wireless.

Travel-ready format : Enveloping over-ear ergonomic foldable engineering complete with a protective pouch.

Informations complémentaires

How the lifetime warranty works

FORCE is a French brand whose products are designed and developed in Paris. French specialist in smartphone solutions for 25 years, our products are tested and certified according to the CE standards and directives in force on the market. From its delivery, this product benefits from the 2-year legal guarantee of conformity.

How does the Recyclerie work?

You have just purchased one of our products and you wish to return your old product to us for recycling. We ensure the collection of all old products, which are then dismantled and recycled in the appropriate sector by our partner Véolia.

How do I return my product?

Using the QR code or link provided in the pack of the purchased product www.force-mobility.fr/recyclerie, download a free return voucher from our site to return your product to us for recycling.

What happens to my old product?

Once recycled, your product is reintegrated into the production of everyday objects such as: bicycle, radiator, public bench, etc., this is what we call the circular economy!

A reduced carbon footprint for a more responsible purchase!

The carbon footprint is an environmental indicator that designates the total quantity of greenhouse gases generated throughout the product life cycle, from production to use and recycling. This indicator was calculated using the LCA method (life cycle analysis standardized ISO 14040-44) which is the most advanced and scientifically robust method, in terms of eco-design and environmental performance.
