

Video Projector VIZYO avec Android 11 Black Metronic

Descriptif produit

The smart and compact video projector to transform your living room into a movie theater

Cinematographic Experience and High Brightness

Enjoy true immersion at home with this compact, Full HD compatible video projector. Its powerful 60W LED lamp paired with 250 ANSI lumens of brightness delivers a sharp, luminous picture rich with 1.67 million vibrant colors.

Integrated Android Smart TV System

Instantly access all your favorite streaming content and applications directly from the built-in Android 11 Smart TV interface. Powered by a smooth 1 GB RAM and 8 GB storage configuration, this connected platform eliminates the need for external source devices.

Automated Image Setup and Tuning

Benefit from a simple, quick, and user-friendly configuration thanks to the digital focus system and automatic vertical keystone correction. This intelligent projector geometrically adjusts the picture to guarantee a perfectly aligned projection in the blink of an eye.

Universal and Wireless Connectivity

Share your videos and stream effortlessly courtesy of high-performance dual-band Wi-Fi 6 (2.4G/5G) and built-in wireless mirroring features. Its complete physical connectivity including HDMI and USB inputs seamlessly connects to your laptops, gaming consoles, and storage drives.

Nomadic Footprint and Large Display

Project a spectacular display up to 150 inches at a maximum distance of 5 meters while enjoying an ultra-silent cooling operation of only 35 dB. Its compact 0.7 kg lightweight housing incorporates a 3W speaker and comes bundled with a complementary 60-inch projection screen.

Compatible WiFi + Bluetooth®

Color : Black

Ref : 475350

EAN : 3420744753500
