

Bluetooth® Speaker Flow 50W Luminous IP6 Black Party

Descriptif produit

FLOW: The powerful and luminous wireless speaker elevating all your musical moments

50W powerful sound output
Delivering 50 Watts of total music power (2x8W RMS), this wireless speaker produces rich, immersive, and dynamic audio.

Dynamic lighting effects
Featuring built-in light shows, it synchronizes vibrant LED lighting to the beat of your music to light up your parties.

Seamless Bluetooth 5.3 connectivity
Advanced Bluetooth 5.3 technology ensures a fast, stable, and energy-efficient wireless connection with all your smart devices.

True Wireless Stereo (TWS) pairing
Pair two identical speakers together using TWS technology to double the audio output and create an immersive stereo soundstage.

Versatile multi-source playback
Enjoy complete listening freedom with integrated USB and TF card MP3 readers alongside a traditional AUX-IN port.

Long-lasting USB-C battery
Equipped with a 3000 mAh rechargeable battery, it delivers extended playtime and charges quickly via its included USB-C cable.
