

Bluetooth® Headphones Pro ANC Hybrid Foldable with Microphone Over-ear Mist Blanc SOUND ORIGIN

Descriptif produit

Elegant sound and uncompromised performance for your daily life

High-performance hybrid active noise cancellation
This on-ear headset incorporates a cutting-edge hybrid cancellation framework to isolate you perfectly from external distractions. You can also benefit from the ambient sound mode to stay aware of your surroundings instantly.

Record-breaking battery lifespan and capacity
Powered by a robust 1000 mAh rechargeable battery, enjoy an exceptional runtime of up to 132 hours of continuous music playback. Even with active noise cancellation engaged, the hardware provides up to 72 hours of uninterrupted use.

Foldable architecture and ultimate structural sturdiness
Equipped with a highly durable metal headband, this lightweight 258-gram model rotates and folds completely flat to simplify storage. This flexible layout makes it the perfect companion for all your travels and daily commutes.

Advanced Bluetooth 6.0 wireless and multipoint pairing
Experience a latest-generation wireless link that is stable, lightning-fast, and energy-efficient. Its multipoint pairing functionality allows you to switch your audio stream seamlessly from a smartphone to a tablet or computer.

Voice assistance tools and clear hands-free calls
Featuring 5 integrated high-sensitivity microphones, this headset captures your voice accurately for smooth conversations free of background noise. It also seamlessly supports the built-in voice assistant commands of your mobile device.

Premium comfort layout and comprehensive accessories
The refined synthetic leather finish ensures a soft and pressure-free fit over your ears during extended listening sessions. The package comes complete with a soft carrying bag, a USB-C charging cord, and an auxiliary input wire.
