## Descriptif produit

### The timeless blend of premium elegance, magnetic modularity, and uncompromised durability

Two-in-one modular design
Enjoy complete versatility thanks to this premium detachable folio system. You can use the full wallet to secure your personal belongings or detach the inner case in an instant for a lighter, more ergonomic everyday experience.

Optimized and functional storage
Simplify your daily routine by gathering your essentials in the inner slots that can accommodate up to 4 credit cards. A quick-access thumb-hole design facilitates card removal, complemented by a dedicated section for your cash and notes.

Integrated rotating kickstand
Watch your favorite content comfortably thanks to the rotating stand ring cleverly built into the back of the case. This flexible mechanism offers excellent stability in both portrait and landscape modes, folding back completely flat when not in use.

Extreme protection and durability
Engineered to withstand daily hazards, this reinforced protective case offers certified resistance against drops from up to 3 meters. Its unparalleled durability makes it five times more resistant to wear, tear, and unexpected splashes.

Luxurious finish and innovative coating
Indulge in an exceptional tactile experience with a premium soft-touch exterior finish that feels great in your hand. Its innovative top layer is stain and scratch-resistant, allowing easy removal of everyday marks, including pen ink.

Certified eco-responsible commitment
Make a sustainable choice with a product crafted from eco-designed materials certified by the Global Recycled Standard (GRS). This folio fully supports a circular economy approach by being 100% recyclable at the end of its lifecycle.
